CREATE A COMIC

How To Make a Comic Strip:

1. **Click on the "Create a Storyboard" Button:**
This will bring you to our state of the art, easy to use comic maker.
2. **Give Your Masterpiece a Name:**
Be sure to call your project something specific so that you can easily find it in the future.
3. **Choose a Layout:**
Use the comic generator to choose a layout. To do this, click on the "layout" button in the right hand menu. This is where you can add and delete cells, and add titles and descriptions if you would like.
4. **Add Scenes:**
Find the perfect scenes for the setting; all of our scenes are customizable! Simply drag the scene into the cell, and edit as you wish. Look for the "Edit Scene" button on the menu!
5. **Add Characters and Items:**
Find and customize characters. We have TONS to choose from! Use our filter to help narrow your search. Next, choose from our thousands of items..
6. **Click "Save and Exit":**
When you are finished with your work, click the button in the lower right hand corner to exit. From here you can print, download it as a PDF, share it digitally, and more. Well done!
